

Studying at Tauranga Intermediate School

Our family decided to come to Tauranga – New Zealand because it is safe and you can use English the whole day.

At TIS we learn English in a really great ESOL class and do lots of fun activities to help us improve our English.

The best thing is that we can speak English all day.

I felt really nervous and missed my friends when I first came to NZ because it is a new country and I would not see my friends for a long time. But I soon made new 'kiwi' friends and my English has improved greatly.

Now I am having lots of fun and I am very happy to be at Tauranga Intermediate School. I soon discovered that everyone here is very friendly. I am really enjoying school – schoolwork here is more enjoyable.

Its great to study at Tauranga Intermediate School because we do many fun and interesting things. It is also very safe and we use our English the whole day at school as well as doing lots of speaking.
